Dear Jim:

As you requested, enclosed are two copies of the draft apparent completeness reviews (ACR) for Genwal's Crandall Canyon Mine and Eureka Energy's Sage Point-Dugout Canyon Mine. Also enclosed is the analysis of Plateau Mining Company's Star Point resubmittal.

As I mentioned to you, the draft reports have not been fully reviewed by OSM's staff. The Crandall Canyon ACR is especially voluminous. An asterisk has been placed by those items of importance. It is likely that much of the other information requests will be deleted during OSM's full review.

If you or your staff has any comments, additions, or deletions that they wish to incorporate into these reports, please contact me.

Sincerely,

*John A. Nadolski*
