RE: Fish Creek Eagle Nests  
Sage Point - Dugout Mine  
ACT/007/009

Dear Mr. Temnikov:

Enclosed is a copy of the reply the Division received from the U.S. Fish and Wildlife Service, regarding Nest #2 in Fish Creek Canyon. As you can see from the letter, U.S. Fish and Wildlife Service has suggested a 1 Km buffer zone around the nest.

In order to determine whether or not Eureka Energy Company's proposed facilities could meet this suggested 1 Km buffer zone around Fish Creek Nest #2, the Division requests a map from Eureka delineating both of the Fish Creek eagle nests, as well as all areas proposed for surface disturbance in the Fish Creek Canyon area. This map should be of at least a 1:6000 scale in order to accurately determine spatial relationships.

If you have any questions or problems with this, please contact me.

Sincerely,

SUSAN LINNER  
RECLAMATION BIOLOGIST
