Dear Mr. Smith:

Subject: Sage Point-Dugout Canyon Project

In my March 12, 1982 letter, I promised to provide DOGM by April 2, 1982 a certified statement of the schedule for submission of detailed designs for the runoff control structures.

It is anticipated that the engineering work will be done during the summer and fall of 1982, and final detailed designs will be submitted to DOGM by November 30, 1982. Submission by this date would be more than 120 days prior to construction.

With submission of this statement, Eureka has responded to each point raised in your February 4 letter. Please contact me if you should have any additional questions or concerns.

Sincerely,

*Nicolas Temnikov*
