Re: Blazon No. 3 Drill Hole CEP/007/009

Dear Mr. Young:

As per our Notice of Interest to Commence Coal Exploration we are notifying you of the current status of Blazon No. 3 drill hole. The drill site and road have not been reclaimed to date. The landowner, since early spring, has been contemplating keeping the drill site and road unreclaimed. When these negotiations are complete, which will be prior to fall of 1983, the Division will be notified.

We request an extension for reclamation activities so that proper consideration is given to reclamation or no reclamation options.

Should you need any further information please contact me. Thank you for your help.

Sincerely,

SANDERS EXPLORATION, LIMITED

Billy H. Green
