RE: NOV #82-2-8-2
Blazon Coal Exploration
CEP/007/008
Carbon County, Utah

007/009

Dear Mr. Smith:

Bill Green, Sanders Exploration has notified me that the access road to Blazon drill sites B1 and B2 is still unpassable due to mud and road failures. This was confirmed by an inspection on June 21, 1983. He has arranged to have Jack Otani reestablish the access once the road conditions have dried sufficiently (in about 2 weeks). It is therefore necessary to extend the abatement deadline for NOV group #N82-2-8-2 another 30 days until July 29, 1983. Please keep me informed of your progress.

Sincerely,

SANDY PRUITT
FIELD SPECIALIST
