RE: NOV #N82-2-8-2
Blazon Coal Exploration
CEP/007/009
Carbon County, Utah

Dear Mr. Smith:

Enclosed is a modification to the notices of violation (#N82-2-8-2) received in October 1982 for the failure to recontour exploration sites and failure to permanently close drill holes at drill sites B1 and B2. There is still too much snow in the Clear Creek area and the road to the drill sites is unpassable. Therefore this modification extends the abatement deadline another 30 days or until May 30, 1983 at which time the sites will be inspected, if accessible, for compliance with the abatement requirements.

If you have any questions or concerns, please don't hesitate to call.

Sincerely,

SANDY PRUITT
FIELD SPECIALIST
