TO: Memo to Coal File, Inspection and Enforcement  
FROM: Tom Wright, Mining Field Specialist *TW*  
RE: Sunedco, Sage Point-Dugout Canyon Mine,  
ACT/007/009, Folder #7, Carbon County, Utah

On August 15, 1984 a partial inspection of the Sage Point-Dugout Canyon Mine site was conducted by Ken Wyatt and Tom Wright, Mining Field Specialists. No activity has begun on this area and no one from Sunedco was available to meet on the site with us. This operation was granted final program approval on June 5, 1984.

It is the understanding of Specialist Wyatt that some construction is slated to begin in the spring of 1985. This will include upgrading of the present jeep trail into a haul road and portal construction in Dugout Canyon.

No changes were noted during the inspection at Dugout Canyon, the preparation plant site or Anderson Reservoir.
