Dear Mr. Ogden:

RE: State Permit Approval, Sage Point-Dugout Canyon Mine,
ACT/007/009, Folder No 2, 4, 6, Carbon County, Utah

The Division has received a signed copy of the Office of Surface Mining's permit with conditions thereby indicating that Sunedco Coal Company accepts and will comply with all conditions and time frames set forth in the permit. A signed and executed bond in the amount of \$611,875, and payable to both the State of Utah and the United States of America has also been received.

Therefore, the State of Utah hereby issues Final Permit Approval for the Sage Point-Dugout Canyon Mine at this time. Consider this letter to be the Permanent Coal Regulatory Program Permit for the above referenced mine. This permit is conditional upon satisfactory completion of all work designated in stipulations 817.42 through 817.150 of the State's Technical Analysis in a timely manner.

The Division greatly appreciates the cooperation and enthusiasm your staff has shown in working with us during the permitting process, and we look forward to dealing with your company in the future.

Best Regards,

Dianne R. Nielson
