Lakewood, Colorado 80235

Dear Mr. Durrett:

Re: Review of Mid-Term Permit Review Submittal, Sunoco Energy
Development Company, Sage Point-Dugout Canyon Mine, PRO/007/009,
Folder No. 2 and 4, Carbon County, Utah

The Division has reviewed materials received November 10, 1986 to update the Sage Point-Dugout Canyon permit as part of the Mid-Term Permit Review (MTPR) process. The information is adequate to allow the Division to sign off on Stipulations UMC 817.43-.45-(2)-DD and UMC 817.121-(1)-TNT.

There are a few minor details that still need to be worked out in the revised "Part II - Legal, Financial, Compliance and Related Information," as described in the attached review document. Please respond to these concerns as soon as possible so that the MTPR may be finished.

Please feel free to contact me if you have questions.

Sincerely,

Susan C. Linner

Review
Mid-Term Permit Review Submittal
Sage Point-Dugout Canyon Mine
PRO/007/009
Carbon County, Utah

UMC 782.13 Identification of Interests - SCL

- (a)(1) Although the permittee is Sunoco Energy Development Company (Sunoco), officers are listed for Sunedco Coal Company on p. I-15. Although Sunoco officers are listed on page I-19, this organization is confusing and should be changed.

- (e) Drawing D03-0004 shows Milton Thayne as an adjacent landowner. His address should be listed under section II-A.13, p. I-23.

UMC 782.17 Permit Term Information - SCL

Table II-E.1 is in error in showing surface impacts during this five year permit term. Since year 1 is 1988, only disturbances associated with year 1 and 2 would be included in the current permit term, which expires in June of 1989.

UMC 782.19 Other Licenses and Permits - SCL

Table II-G.1 should include the dates of permits received from DOGM and OSM as well as concurrence from the State Historic Preservation Officer for the project.
