Dear Mr. Elias:

Re: Sediment Pond South Fork Yard

This office has completed a review of the documents submitted to the Utah Division of Oil, Gas, and Mining concerning the above mentioned pond. It is my opinion that the proposed structure does not pose a threat to life or property, and therefore, additional plans and specifications are not required.

The information as submitted will serve to satisfy the requirements of Section 73-5-12 of the Utah Code Annotated 1953.

Sincerely,

Dee C. Hansen
Utah State Engineer
