RE: Right Fork Fan Portal
U.S. Fuel Company
ACT/007/011

Dear Don:

The Division will be approving U.S. Fuel Company's plans for the fan portal to be located in the right fork of Miller Creek. The Division will be sending out an approval letter 3 weeks after this registered letter is received by the Office of Surface Mining. It would be helpful if the Office of Surface Mining could have its comments to the State within 2 weeks of receipt.

The Division feels that this deadline is acceptable as the plans and State comments were forwarded to the Office of Surface Mining on August 7, 1979, and again on January 9, 1980. The January letter requests the review of the portal plans and the Office of Surface Mining's comment, though no deadline was set.

The reason for the need of this approval is again set forth as the need for ventilation of the underground workings as required by M.S.H.A.

I hope that this will expedite the approval of this much needed facility.

Sincerely,

RONALD W. DANIELS
COORDINATOR OF MINED
LAND DEVELOPMENT
