RE: Approval of Topsoil  
Storage and Protection  
Plan  
Lambs Trailer Location  
Hiawatha Complex  
ACT/007/011  
Carbon County, Utah

Dear Mr. Eccli:

This letter is in response to your June 24, 1982 letter which essentially described current and proposed topsoil stockpile protection procedures and questioned the statutory basis of DOGM Stipulation #5-26-82-2-tp.

With regard to the validity of the above Stipulation, as a result of a July 9, 1982 meeting between Carolyn Driscoll, Reclamation Legal Specialist, Cleon Feight, Director of the Division, and Tom Portle, Reclamation Soils Specialist, it is the opinion of the Division that the above Stipulation is in accord with both the letter and intent of 40-10-17(2)(e), UCA 1953.

In light of this, the Division approves the June 24, 1982 proposed plan from your office including the methods proposed in item 4 (covering the stockpile with burlap for interim protection). Also, according to the terms of Stipulation #5-26-82-1-tp contained in the May 26, 1982 approval letter, Hiawatha has ten (10) days from the receipt of this approval to implement all measures described in the above-referenced plan.

If there are any questions please contact Tom Portle.
