Mr. Robert Eccli
Mine Engineer
U. S. Fuel Company
Hiawatha, Utah 84525

Dear Mr. Eccli:

RE: Approval of Notice of Violation N84-4-8-8, #8 of 8,
Hiawatha Complex, ACT/007/011, #3, #4 and #7, Carbon
County, Utah

The Division has reviewed the letter of July 9, 1985 concerning the supplemental abatement measures for Notice of Violation (NOV) N84-4-8-8, #8 of 8, proposed by the Company. The major plan submitted December 14, 1984 and Stipulations 1 through 3 (see Division letters of July 2 and 8, 1985) constitute the full abatement to the above-mentioned NOV. The proposed plans are acceptable and conditional approval is hereby granted by the Division to proceed with construction.

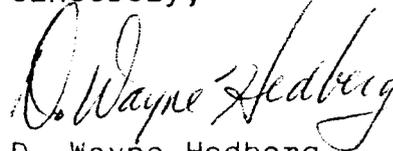

Construction of the remaining abatement measures shall be completed by September 1, 1985.

Full approval for the abatement to the NOV will be in effect upon Division receipt of the eleven (11) additional copies of the December 14, 1984 plan deleting those portions of the plan not applicable to the abatement measures (i.e., sedimentation pond designs, flexible downspouts). The Company must also include in the submittals, a summary of the supplemental work agreed to be performed by the Company and outlined in the Division letters of July 2 and 8, 1985. These copies will be forwarded to the appropriate state and federal agencies to update the Mining and Reclamation Plans on file.
