Dear Mr. Eccli:

Re: MRP Amendment, Underground Mine Plan Modification, King #6  
Mine, ACT/007/011, Folder No. 3 & 4, Carbon County, Utah

The Division has reviewed a copy of U.S. Fuel Company's proposal (March 11, 1986) for a minor mine plan modification due to unfavorable roof and rib conditions.

We find that these underground changes should not cause any adverse impacts, and have no further comments or concerns. Please accept our apologies for the delay in providing our response. Thank you for keeping our office informed of changing conditions and mine status.

Sincerely,
