Ms. Jean Semborski
Engineer
United States Fuel Company
Hiawatha, Utah 84527

Dear Ms. Semborski:

Re: Final Approval of Request to Reduce Sedimentation Pond
Inspection Frequency, U. S. Fuel Company, Hiawatha Complex,
ACT/007/011-86C; Folder No. 4 and 7, Carbon County, Utah

The application for MRP permit amendment submitted by United States Fuel Company on July 18, 1986 has been reviewed by the Division. The submittal requested a reduction of the weekly inspection frequency of three sedimentation ponds, the South Fork yard, the South Fork loadout and the Middle Fork yard ponds. The proposed plans are acceptable and approval is hereby granted to proceed with a quarterly inspection schedule for these ponds.

Thank you for your cooperation in this matter. Please contact me or Dave Wham should you have any questions.

Sincerely,

D. Wayne Hedberg
Permit Supervisor/
Reclamation Hydrologist

Ms. Jean Semborski, Engineer
 U. S. Fuel Company
 Hiawatha, Utah 84527

Dear Ms. Semborski:

Re: Approval of Mitigation Plans, North Fork Water Pipeline,
 Hiawatha Complex, ACT/007/011, Folder # 2&4, Carbon County, Utah

The Division has reviewed the mitigation plan for reseeding the disturbance associated with the repair of the water pipeline in North Fork Canyon.

The Division hereby approves this plan, with the following conditions:

UMC 817.111-.116 (1-2)LK

1. Seeding is to be completed prior to October 31, 1986, and
2. The area should be visually monitored to document that accelerated erosion does not occur for two years or until vegetation is well established.

Should you have any questions, please do not hesitate to call.

Sincerely,

Susan C. Linner
