DIVISION OF

Dear Rick:

We have reviewed MRP Amendment, Request to Mine Federal Coal Lease U-51923, U.S. Fuel Company, Hiawatha Complex, ACT/007/011 - 86A, Folder No. 2, Carbon County, Utah.

The lease lies on private surface within the Forest boundary. Since the lease area and environmental considerations for mining this lease have already been covered in the Mine and Reclamation Plan and no additional concerns have been identified by the Forest, we have no objections or comments for approval of the amendment.

Please reference our letter to your office, dated February 26, 1987, regarding consent for approval of the Mine and Reclamation Plan.

Sincerely,

/s/ William H. Boley
