Dear Sue:

Enclosed are fourteen copies of the appropriate pages necessary to complete the revision of the Surface and Groundwater Monitoring Plan. The new pages submitted should replace existing pages in the permit text. Exceptions to this are revised pages VII-27 and VII-28. Please note that pages VII-27 and VII-28, revised 12/2/88 replace the old pages VII-27, VII-28 and VII-29.

This submittal incorporates the last approved changes in DOGM's November 30, 1988 response letter. All changes should now be included in the permit text.

We appreciate your cooperation during the review process.

Sincerely,

*Jean Semborski*
