DIVISION OF
OIL, GAS & MINING

Dear Ms. Semborski:

We received through the Division of Oil Gas & Mining documentation describing proposed improvements to the Mohrland pipeline. Since this pipeline serves Hiawatha, plans and specifications for the proposed project must be submitted for review by the Bureau of Drinking Water/Sanitation. Information submitted to DOGM does not provide sufficient detail for review.

I have enclosed a copy of Section 12 of the Public Drinking Water Regulations. Please review the requirements of Section 12 and submit plans and specifications for review to this office.

If you have any questions, please call.

Sincerely,

David R. Ariotti, P.E.
Southeast District Engineer
