DIVISION OF  
OIL, GAS & MINING

Dear Ms. Linner;

U.S. Fuel received the Division's condition list for the revision of the refuse pile extension plan. Enclosed is Appendix III-15 revised to address the conditions in DOGM's January 22, 1988 letter. Ten copies of this Appendix have been included. This revised Appendix III-15 should replace the previous Appendix III-15 in Chapter III and should follow Appendix III-14.

We await the Division's final approval of this submittal.

Sincerely,

Jean Semborski  
Environmental Coordinator
