 Approved Permit Amendment - ACT/007/011-87A, U. S. Fuel Company,  
 Hiawatha Complex, ACT/007/011-87C, Folder #3, Carbon County, Utah

The Division received U. S. Fuel Company's conditional approval response on February 10, 1988. The response was reviewed for completeness and technical adequacy by Kent Wheeler, James Leatherwood, and Lynn Kunzler, and has been determined adequate for final approval. This letter will serve as the Division's final approval for this permit change application. U. S. Fuel Company has now provided all of the information required by this office to finalize this permitting action.

The Division will forward extra copies of the approved plans to the appropriate state and federal agencies to update file copies of U. S. Fuel Company's approved Mining and Reclamation Plan (MRP). Thank you for your cooperation in completing this permitting action.

Sincerely,

D. Wayne Hedberg
