Dear Mr. Hagen:

Re: Ten Day Notice X88-02-116-3, U. S. Fuel Company, Hiawatha  
Complex, ACT/007/011, Folder #5, Carbon County, Utah

Pursuant to your request dated September 15, 1988, the following is intended to clarify the Division's response to the above cited Ten Day Notice.

TDN X88-2-116-3 TV1 was issued for "failure to pass all surface drainage from disturbed areas including disturbed areas that have been graded, seeded, or planted through a sedimentation pond before leaving the permit area." The Division's September 6, 1988 response indicated that the operator would be required to submit plans "to have the areas cited in the TDN included in the permit area as small area exemptions." The Division's August 31, 1988 letter to the operator (which has been copied to you) required these plans to be submitted by November 16, 1988.

Sincerely,

Lowell P. Braxton  
Administrator  
Mineral Resource Development  
and Reclamation Program
