Dear Ms. Semborski:

Re: Approval, Mid-Permit Term Review, Hiawatha Complex, ACT/007/011,
Folder #3, Carbon County, Utah

U.S. Fuel Company has met the requirements of the Division's Mid-Permit Term Review (MPTR) on the Hiawatha Mines Complex, as detailed in our May 19, 1989 letter. This has included updates to the existing Mining and Reclamation Plan (MRP) and a schedule committing to submittal of a completely updated reorganized MRP by August 30, 1991. The MPTR is hereby considered to be completed.

I have enclosed an updated copy of the proposed new coal rules, as per your request.

Please contact me if you have questions.

Sincerely,

A handwritten signature in cursive script that reads "Susan C. Linner".
