Re: Plan Revisions for NOV N91-39-1-4, 1 of 4

Dear Daron:

Enclosed are revised plans for abatement of NOV N91-39-1-4, 1 of 4. These plans are in response to the Division's comments dated April 18 and May 23, 1991. We are proposing to install additional culvert type spillways instead of the open channel spillway proposed in our May 6 revisions. This was discussed With Rick Summers by telephone on May 31.

Sincerely,

Robert Eccli  
Sr. Mining Engineer
