Re: Revised Plans For Abatement of NOV N91-39-1-4, 4 of 4

Dear Daron:

Enclosed are three copies revised plans for abatement of NOV N91-39-1-4, 4 of 4. These plans are in response to the Division's comments dated April 18, 1991 and faxed to me on April 19, 1991. The three items of concern listed in the Division's comments have been addressed. The plans have been included in revised Appendix V-8 (Small Area Exemptions) for direct replacement of the earlier Appendix V-8 submitted in our Chapter V revision in connection with the Mid Term Review process. An extension of time for abatement has been granted to May 19, 1991.

Sincerely,

Robert Eccli
Senior Mining Engineer
