Dear Mr. Eccli:

Re: Deficiencies, Emergency Spillway Designs, Amendment 007/011-91A, U.S. Fuel Company, Hiawatha Complex, Folder #2, Carbon County, Utah

The submittal received May 8, 1991 in response to NOV N91-39-1-1 Part 1 of 4 was reviewed by Rick Summers of the Division's technical staff. A number of problems were noted in the proposed designs.

The Division cannot approve the spillway designs at this time. Please review the enclosed technical memo and correct the deficiencies noted therein. Bear in mind that the time for completing abatement of this violation is June 18, 1991. Plans must be received, approved and implemented by that date. Your prompt reply is essential.

If you have any questions, please call Rick Summers or me.

Sincerely,

A handwritten signature in black ink that reads "Daron R. Haddock".
