U. S. Fuel Company

Dear Mr. Baum:

To provide you with some potential sources of sludge, I have copied and enclosed a listing of Publicly Operated Treatment Works (POTW) managers. These managers attended the October 22nd meeting discussed in a memo to Director Dianne Nielson, regarding land application of sludge (also enclosed). Of those on the list, Garland Mayne of Provo, Reed Fisher of Central Valley, and John Collins of South Valley appeared to be very interested in sludge distribution.

After I review U. S. Fuel's latest submittal, I would like to discuss the sludge land application project further. In the interim, please feel free to contact me with questions or comments.

Sincerely,

A handwritten signature in cursive script that reads "Priscilla W. Burton".
