Dear Mr. Braxton:

Re: Request for Permit Change King Mines Mine,
ACT 007-011 , Carbon County, Utah

As a result of a recent change in the Utah Administrative Code, the prefix R614 (the Utah Coal Regulatory Program) will be replaced by the new prefix R645. This is a prefix change only. The section/subsection citations balance of the rules governing the Coal Regulatory Program remains unchanged.

In order to accurately reflect this change in the above-cited Mining and Reclamation Plan, please consider this letter an application for a Permit Change as provided for at R645(614)-303-220. The prefix R645 replaces prefix R614 in all portions of the approved permit.

Approval of this Permit Change by the Division of Oil, Gas and Mining will obviate the need to change this prefix in each portion of the permit until other circumstances require submission of a rewritten permit.

Signed
