Dear Mr. Eccli:

Re: Remaining Deficiencies in Renewal Application, U. S. Fuel Company, Hiawatha Mine, ACT/007/011-DO92A, Folder #3, Carbon County, Utah

The Division has completed a review of your responses to deficiencies noted in your recent permit renewal. A large number of the deficiencies have been satisfied, however, there still remain a number of deficiencies that have not been responded to adequately. The enclosed technical review memos discuss the remaining problems. Please review them and correct the remaining deficiencies by no later than March 1, 1993.

Thank you for your diligence in completing the permitting process. Please call if you have any questions.

Sincerely,
