Dear Mr. Holbrook:

Re: Requested Bond Information, U. S. Fuel Company, Hiawatha Mines,  
ACT/007/011, Carbon County, Utah / Genwal Coal Company, Crandall  
Canyon Mine, ACT/015/032, Emery County, Utah, Folder #2

Enclosed please find the self bonding information for the Hiawatha Mines that you recently requested. Hopefully, this is what you need. Please call if you have further questions.

Also, with regard to the Crandall Canyon Mine needing the Cooperative Agreement language, we are in the process of adjusting the bond amount and will have the appropriate language added during the adjustment process. We will send it to you in the near future.

Sincerely,

A handwritten signature in cursive script that reads "Daron R. Haddock".

Daron R. Haddock

Re: Remaining Deficiencies in Mining and Reclamation Plan, U. S. Fuel Company, ACT/007/011

Dear Mr. Haddock:

Enclosed are 13 copies of revised pages of our Permit Application. These revisions address the remaining deficiencies outlined in your letter of May 11, 1993.

This submittal includes the following information:

1. Letter to Mr. George Cook of the Soil Conservation Service requesting an evaluation of vegetation reference areas.
2. Pages 61 and 62 of Chapter II. These pages have been revised to eliminate reference to the use of sludge in our Reclamation Plan.
3. Justification for retaining the roads is given in Chapter IV. This has resulted in revision of certain pages in other chapters as well. The revised pages are as follows:

- Chapter II - Pages 81 and 82.
- Chapter III - Pages 60 through 64, Appendix III-9 and Table of Contents.
- Chapter IV - Pages 9 through 14, Appendix IV-7 and Table of Contents.
- Chapter V - Pages 54 and 55, Pages 60 through 64 and Pages 66 through 69.

Sincerely,

*Michael W. Baum*
