Re: Request for Extension for Response to TDN X94-020-179-004 TV2, Hiawatha Mine, U.S. Fuel Company, ACT/007/011, Folder #5, Carbon County, Utah

Dear Mr. ^{Tom}Ehmett:

An extension to respond to TDN X94-020-170-004 TV2 is requested until November 22, 1994. The Division is conducting a technical assessment of the function of the topsoil protection devices prior to responding. Additionally, this request is based on the holiday and the fact that the Director, Jim Carter, will not be available to review this response during the week of November 14 due to the OSM national meeting.

Thank you for your consideration of this request.

Sincerely,
