Dear Mr. Carter:

At the informal conference for the assessment of violation N96-46-1-1, United States Fuel Company agreed to submit proposed permit changes in an effort to settle this issue prior to the Board Hearing on December 11. That submittal is enclosed. I included a black line copy showing the proposed changes and seven copies of the pages to be inserted. I revised the language throughout Chapter V so that it reflects our current status more accurately.

It is my understanding that the Division may be willing to vacate this violation as a part of the settlement. Please advise us at your first opportunity.

Sincerely,

*Michael P. Watson*
