Re: Reclamation Agreement, Hiawatha Mine, U.S. Fuel Company, ACT/007/011-95A, Folder #2, Emery County, Utah

Dear Mr. Bayer:

I am enclosing a copy of the Reclamation Agreement (a disk) for the proposed permit transfer of the Hiawatha Mine from U.S. Fuel Company to American Fuel Corporation as you requested. On April 26, 1995, the permit transfer application was conditionally approved pending submittal of acceptable liability insurance and the reclamation bond. American Fuel Company has liability insurance in effect at this time.

If there have any changes to the legal and financial information for American Fuel Corporation, please notify the Division. Prior to approval, an "issue" recommendation from the Applicant Violator System must be made.

If you have any questions, please call me.

Sincerely,

A large, stylized handwritten signature in black ink, appearing to read 'Pamela Grubaugh-Litig'.

Permit Supervisor
