To Whom It May Concern,

Re: Slurry Pond 5 Reclamation Contours, Hiawatha Coal Company, Hiawatha Complex, ACT/007/Q11, Carbon County, Utah #2 *ACT 1*

This cover letter is in response to some modifications requested by Sharon Falvey for the above-referenced amendment. Since the amendment is an integral part of Division Order 97A, the changes are incorporated into the response submittal. HCC requests that these items be reviewed separately for approval, in order to allow the reclamation of Pond 5 to continue.

The following items pertain to this submittal:

Exhibit V-13, V-13D; Contours and cross-sections have been modified to slope the runoff toward the Northwest corner of Pond 5-A into the drainage along SR122, avoid the steeper slope of the Pond 5A embankment.

Pg. V-57; This text provides a description of the proposed reclamation on Pond 5 and 5A.

If you have any questions, please call me or Charles Reynolds at (435) 637-1778.

Sincerely,

*E. Finley*
