RE: Punch List Request for Remaining Items on the Division Order, Hiawatha Coal Company, Hiawatha Complex, ACT/007/011-DO97A, File #2, Carbon County, Utah

Maps and Plans

- R645-301-142 Hiawatha Coal Company must show on one or more maps the location and configuration of all reclaimed areas. Hiawatha Coal Company must update these maps any time a major phase of construction or reclamation is completed or any time the sediment control plan is changed.

Engineering

A. Operation Plan

- R645-301-512.230, R645-301-536, R645-301-553.250 Hiawatha Coal Company will identify and provide the Division with a plan to clean up and properly place all miscellaneous coal and coal waste materials into approved storage areas.
- R645-301-526 Hiawatha Coal Company will provide the Division with detailed plans for all structures in the disturbed areas. The Division needs to know what structures will be needed for future operations and what structures are no longer needed.
- R645-301-523 Hiawatha Coal Company will provide the Division with a narrative explaining the modification, use and maintenance of the coal waste, refuse and impoundment structures. The narrative must also explain the coal storage, loading, hauling, handling and associated haul roads located within the railroad right-of-way.
- R645-301-116.100 and R645-301-542.100 Hiawatha Coal Company will provide the Division with a timetable for each phase of the mining operation. The timetable will

include the start and finishing times of all major reclamation operations.

B. Reclamation Plan

- R645-301-542.100 Hiawatha Coal Company must provide the Division with a detailed timetable for the completion of each major reclamation operation. For those facilities that will no longer be needed the Permittee must include the start and finishing time for each major reclamation project.
- R645-301-850.100 Hiawatha Coal Company will provide the Division with a detailed reclamation cost estimate for the railroad loadout area and the associated haul road.
- R645-301-551 Hiawatha Coal Company will provide the Division with documentation about how the portals in North Fork Canyon were sealed.
