Re: Remaining Permit Deficiencies, Hiawatha Coal Company, Inc., Hiawatha Complex, ACT/007/011-DO97A, Folder #3, Carbon County, Utah

Dear Mr. Finley:

The Division has completed a review of the information (mostly soil related) which you have submitted in partial response to Division Order 97A. While the submittal addresses some of the deficiencies there still remain some items that have not been addressed. The enclosed technical memo identifies the areas that need additional work.

You have previously received an extension of time to respond to the remaining issues of the Division Order. It is expected that you respond to the issues outlined in this memo as well by the July 30, 1998 deadline.

If you have any questions, please call me or the appropriate member of the review staff.

Sincerely,

A handwritten signature in black ink that reads "Daron R. Haddock". The signature is written in a cursive style.
