Melissa,

Thank you very much for getting this in so quickly. I have now uploaded these sites and a report is attached.

It seems like you have now included all required samples and parameters for Hiawatha for the first quarter of 2006. This will be verified by the assigned hydrologist, you may want to verify for yourself first to avoid having delinquent data. If you do not know how to check the data in the database, please let me know and I can send you instructions.

Please let me know if you have any questions.

Thank you,

Dana Dean, P.E.
