Melissa:

I have uploaded all of the information for Bear Canyon and Hiawatha from the pipeline into the database. Reports are attached.

As a reminder, according to parameters set by the assigned hydrologist, you are still missing a sample for MW-117 at Bear Canyon.

Ponds 10, 12, and 13 were removed from the requirements list by the assigned hydrologist. I will be glad to reactivate the sites, but you are not required to enter information for them unless directed otherwise.

Please let me know if you have any questions.

Thank you,

Dana Dean, P.E.
