An AVS evaluation narrative requested on September 15, 2009 for Hiawatha Coal Company, Inc. is attached. This narrative describes two outstanding, federal AML fee violations.

The Cessation Order written on 2/5/2009 to Hiawatha Coal Co. against the Bear Canyon Mine permit (015/025) is not in the AVS database. Although the abatement for the cessation order was specified in correspondence dated February 5, 2009 (Outgoing/0014.pdf), there was no abatement date specified.* Resolution of this CO 10034 is pending.

*Applicant Violator System Office Advisory Memorandum #5 requires that the regulatory authority enter into the AVS database all unabated and uncorrected violations within 30 days after the abatement period for a violation expires.

CAUTION: The Applicant/Violator System (AVS) is an informational database. Permit eligibility determinations are made by the regulatory authority with jurisdiction over the permit application not by the AVS. Results which display outstanding violations may not include critical information about settlements or other conditions that affect permit eligibility. Consult the AVS Office at 800-643-9748 for verification of information prior to making decisions on these results.
