To Whom It May Concern,

Re: Midterm Permit Review, Hiawatha Coal Company, Hiawatha Mine, C/007/011, Task ID #3459

In response to the Division deficiency letter dated January 25, 2010, Hiawatha Coal Company respectfully requests an extension of time to respond to these deficiencies until April 30, 2010. Pursuant to recent court rulings, the ownership and control section of the MRP may require some additional updates and changes. Hiawatha Coal Company and ANR Company is in the process of working out and understanding how the recent court rulings are going to impact the Hiawatha Mine Permit, since control of a significant portion of the area within the permit boundary is affected by the court's decision. Once these clarifications have been made with the court, we will finish and submit our response to the deficiency letter.

In the interim, all onsite compliance issues identified in the deficiency letter have been and will continue to be addressed and maintained to insure compliance with regulations.

If you have any questions, please call me at (435) 636-0069 or Charles Reynolds at (435) 687-9206.

Sincerely,
