HCCI refers to task 3084 for their responses and asks us to update our records accordingly. One year ago, task 3084 was returned/denied with the same deficiencies identified in the denial letter. Therefore, we can not update our records with the Task 3084 information. HCCI must provide the information in the format that we require (revision of pages in MRP). Angela is being copied on this email to familiarize her with the situation. Both task 3084 denial letter and midterm review deficiency documents are attached.

**This completes my review of the Task 3453 information.**

Recommendation: Inform Mark Reynolds that required information must be provided or a hindrance violation will be issued.

Hello All:

Attached is the one page midterm response from Hiawatha. Please review your midterm deficiencies and determine the adequacy of their responses via a tech memo. The task deadline is 2/25.

Thanks so much!  
April
