Subject: Hiawatha Renewal
CC: OGMCOAL

Hi Elliot,

Just sending you a reminder that the Hiawatha permit is coming due to expire on March 14, 2012. If you are planning to renew the permit, you should submit an application for renewal at least 120 days in advance of the expiration date(see R645-303-232.100). This means you should submit an application by November 14, 2011. The requirements for a renewal application are found at R645-303-230. Let me know if you have any questions. Hope to hear from you soon. Thanks.
