MICHAEL R. STYLER
Executive Director

Division of Oil, Gas and Mining

JOHN R. BAZA
Division Director

Inspection Report

Permit Number:	C0070011
Inspection Type:	PARTIAL
Inspection Date:	Thursday, April 24, 2014
Start Date/Time:	4/24/2014 10:00:00 AM
End Date/Time:	4/24/2014 1:00:00 PM
Last Inspection:	Wednesday, March 05, 2014

Representatives Present During the Inspection:	
Company	Dana Jenkins
OGM	Steve Demczak

Inspector: Steve Demczak

Weather: Sunny, 60's

InspectionID Report Number: 3821

Accepted by: jhelfric

4/29/2014

Permittee: **HIAWATHA COAL CO INC**
 Operator: **HIAWATHA COAL CO INC**
 Site: **HIAWATHA MINE**
 Address: **PO BOX 1240, HUNTINGTON UT 84528**
 County: **CARBON**
 Permit Type: **PERMANENT COAL PROGRAM**
 Permit Status: **ACTIVE**

Current Acreages

12,177.00	Total Permitted
290.00	Total Disturbed
95.90	Phase I
	Phase II
	Phase III

Mineral Ownership

- Federal
- State
- County
- Fee
- Other

Types of Operations

- Underground
- Surface
- Loadout
- Processing
- Reprocessing

Report summary and status for pending enforcement actions, permit conditions, Division Orders, and amendments:

The slurry pond #1 and #5 are both inactive. The permittee did mine about 3,000 tons last month. Slurry Pond #1 is or near or ready for reclamation. Majority for the coal has been mined. There is a small area that still has coal slurry but the ash content may or may not be high.

The permittee was currently working on opening the Middle Fork road. It was covered with mud due to rainstorms in the late fall. The cause was the forest fires above the road a couple of years ago. The permittee plans to re-seed this area this year.

REVIEW OF PERMIT, PERFORMANCE STANDARDS PERMIT CONDITION REQUIREMENTS

1. Substantiate the elements on this inspection by checking the appropriate performance standard.
 - a. For COMPLETE inspections provide narrative justification for any elements not fully inspected unless element is not appropriate to the site, in which case check Not Applicable.
 - b. For PARTIAL inspections check only the elements evaluated.
2. Document any noncompliance situation by reference the NOV issued at the appropriate performance standard listed below.
3. Reference any narratives written in conjunction with this inspection at the appropriate performance standard listed below.
4. Provide a brief status report for all pending enforcement actions, permit conditions, Divison Orders, and amendments.

22. Other	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

1. Permits, Change, Transfer, Renewal, Sale

The permittee has no permitting action with the Division at this time.

2. Signs and Markers

The identification signs are next to the roads to the mine site. The identification sign meets the minimum requirements of the R645 Coal Rules.

3. Topsoil

I inspected the topsoil piles. They are vegetated with no signs of wind or water erosion.

4.a Hydrologic Balance: Diversions

The permittee is doing spring cleaning of diversions. The permittee had cleaned diversion in South Fork Canyon. The cleaning of the Middle Fork road is taking place. The diversions are open but sediment has started to fill the diversions.

4.b Hydrologic Balance: Sediment Ponds and Impoundments

Sediment ponds were inspected with no hazardous conditions noticed during the inspection. No sediment pond was discharging during the inspection.

7. Coal Mine Waste, Refuse Piles, Impoundments

The refuse piles were inspected with no hazardous conditions noticed during the inspection. All refuse piles are idle and no mining is taking place. There is a possibility that mine will occur this year.

8. Noncoal Waste

The site is generally clear of non-coal waste materials.

10. Slides and Other Damage

No slides were noticed during the inspection.

12. Backfilling And Grading

It is possible that Slurry cell #1 could be backfilled and graded this year.

16.b Roads: Drainage Controls

The permittee has been working on road drainages in Middle and Left Fork Canyons. It should take several weeks to complete these projects.
