Explanation: Correct information on the mine identification sign is to aid in the protection of the public and if concerns exist, provide the means for them to know who to contact.

2. Has the even occurred? No

If yes, describe it. If no, what would cause it to occur and what is the probability of the event(s) occurring? (None, Unlikely, Likely).

Explanation: It is likely that someone from the public would be unable to contact the permittee or operator if needed, since the information listed on the sign has not been kept up to date and is inaccurate.

3. Did any damage occur as a result of the violation? No

If yes, describe the duration and extent of the damage or impact. How much damage may have occurred if the violation had not bee discovered by a DOGM inspector? Describe this potential damage and whether or not it would extend off the disturbed and/or permit area.

**B. DEGREE OF FAULT** (Check the statements which apply to the violation and discuss).

- Was the violation not the fault of the operator (due to vandalism or an act of God), explain. Remember that the permittee is considered responsible for the actions of all persons working on the mine site.

Explanation: \_\_\_\_\_

- Was the violation the result of not knowing about DOGM regulations, indifference to DOGM regulations or the result of lack of reasonable care.

Explanation: Lack of reasonable care.

- If the actual or potential environmental harm or harm to the public should have been evident to a careful operator, describe the situation and what, if anything, the operator did to correct it prior to being cited.

Explanation: \_\_\_\_\_

- Was the operator in violation of a specific permit condition?

Explanation: The permit requires that the information in the MRP and on the mine identification sign be maintained and kept up to date.

- Has DOGM or OSM cited the violation in the past? If so, give the dates and the type of warning or enforcement action taken.

Explanation: \_\_\_\_\_

**C. GOOD FAITH**

1. In order to receive good faith for compliance with an NOV or CO, the violation must have been abated before the abatement deadline. If you think this applies, describe how rapid compliance was achieved (give date) and describe the measures the operator took to comply as rapidly as possible.

Explanation: \_\_\_\_\_

2. Explain whether or not the operator had the necessary resources on site to achieve compliance.

Explanation: \_\_\_\_\_

3. Was the submission of plans prior to physical activity required by this NOV / CO? No If yes, explain.
