To Whom It May Concern,

Re: Citation N21169, Task 5143, Hiawatha Mine Complex, C/007/0011.

Hiawatha Coal Company hereby wishes to informally appeal the proposed assessment related to Citation N21169 and we request an informal conference. The following comments address Hiawatha's concerns relating to the proposed assessment.

Citation N21169 was written for failure to submit the 3rd Quarter, 2015, water monitoring data. The citation was written on 3/31/2016. Hiawatha was notified by email that a citation was being issued. All samples had been collected and the data was available and uploaded into the pipeline on the same day, before the citation was even served by mail. Hiawatha feels that at least 12 good faith points should be assigned for rapid compliance.

If you have any questions, please call me at (801) 857-0399.

Thank You,

Charles Reynolds, PE
Mine Manager
