Good morning Charles,

I can certainly understand how getting things done at this time can be a challenge. I'm happy to work with you on an extension to provide the posted bond increase. However; in an effort to be fair to other operators, the time-frame for a bond increase extension is typically 60 days from the date of conditional approval. .

We conditionally approved Hiawatha's mid-term on March 26th. An additional 30 days would establish a due date of May 25th. I'll go ahead and approve the extension request to May 25th. Please work with Suzanne Steab to make sure you have all of the required paperwork.

If you have any questions, give me a call.

Thanks,  
Steve

Steve,

Due to closures relating to the current pandemic, Hiawatha is going to need additional time for obtaining the necessary documents to increase the bond. We should still be able to provide the Division with the finalized approved pages by the deadline specified in your approval letter dated March 26th, but Hiawatha requests an extension in time until June 1, 2020 to submit the posted bond increase.
