Per Division letter dated November 3rd, 2020, Hiawatha Coal Company, Inc. (HCC) was given 120 day to replace our existing ILOC's issued by Fidelity Funding, Inc. We have been working with a bank to provide a replacement bond. They are nearing completion of their process but are conducting an appraisal of the real property assets associated with Hiawatha's permit area, as well as the Bear Canyon Mine and CVWR permit areas. The process of obtaining bonds for all three sites has taken longer than the requested 120 days. HCC requests an extension until April 10, 2021 to provide the replacement bond. We believe this to be adequate time for the bank to complete their appraisal and issue the bonds.

If you have any questions, please call me at (801) 857-0399.

Hi Charles,

Thanks for the update. The extension request to revise Hiawatha bond to April 10th, 2021 is granted.

Regards,
Steve
