Hello Charles,

Please send an update for the work completed since your last communication on Dec 8th. Please include projections for work to be completed during the weeks of Dec 20 and Dec 27th. Since I will be on leave, please 'reply to all' copied on this email, including ogmcoal. I will be back in the office on January 4th.

Thank you and happy holidays!

Priscilla Burton, CPSSc

Following the previous update, Hiawatha received approximately 8 inches of snow, which has held up further work. We have been focused on servicing and repairing all of the equipment and are in the process of purchasing and repairing a snow plow that we hope to use to clean the roads and allow access to resume. With the holidays coming up, our help and contractor availability has been limited. We anticipate being ready to resume work beginning in January once we can clear the snow and resume access to South and Middle Fork canyons.

Sincerely,

Charles Reynolds, PE
