Re: **Slurry Pond Fines Recovery and Reclamation, Hiawatha Mine, C/007/0011**

Dear Mr. Christensen:

This letter is to notify the Division that the Hiawatha Mine Complex is resuming the activity of removing the coal fines from slurry ponds 1 and 5A and selling to coal customers beginning next week (5/23). No underground coal extraction will be occurring. We also are notifying the Division of Hiawatha's intent to commence with the backfilling and regrading of Slurry Ponds 1 and 5a in conjunction with the extraction activities. Regrading of these areas will follow the approved reclamation plan contained in the approved Mining and Reclamation plan.

If you have any questions, please call me at (801) 857-0399.

Sincerely,

A handwritten signature in black ink, appearing to read "Charles Reynolds". The signature is fluid and cursive, written over a white background.

Charles Reynolds, PE  
Mine Manager
