RE: Notice of Violation  
N81-3-24-1  
Wellington Prep Plant  
ACT/007/012

Dear Mr. Yourston:

This letter is to acknowledge receipt of your April 28, 1982, letter relative to the above violation. The factual information cited in your letter is under consideration.

You referred to your January 22, 1982, request of the Division for an assessment conference. I cannot find any record of this request in our files; it could have been misplaced. This is the reason that no conference has been arranged.

I can do one of two things at this point, schedule the conference if you make a renewed request by phone or otherwise, or finalize the assessment without a conference based on the factual information in your April 28, 1982, letter. Please decide which of these alternatives you would prefer.

Thank you for your attention to this matter. I am sorry for the inconvenience of not being able to find your request for a conference.

Sincerely,

RONALD W. DANIELS  
ACTING ASSESSMENT OFFICER
