Re: Wellington Coal Cleaning Plant
ACT/007/012

Dear Mr. Smith:

Included with the ACR response and the resulting permit changes are plans to install sedimentation control structures and to stop discharging water to the fields between the railroad tracks and the Price River. Sandy Pruitt has expressed concern about some of the areas covered by these plans. U. S. Steel Mining Co. requests your prompt approval of these plans and proposes to begin implementation upon receipt of your approval.

Sincerely,

R. E. Yourston
General Superintendent
